

ALL THE WINNERS OF THE EMERALD CUP 2021

(April 12, 2021, Los Angeles, California) The pandemic did not stop the “Academy Awards of Cannabis” known as **The Emerald Cup** from celebrating excellence in the sungrown cannabis world and awarding the “best-in-class” in their community. Airing live last night, **The Emerald Cup 2021 Awards Show** presented by SC Labs, Puffco, Social Club TV and Dreamy Delivery, announced their category winners and presented trophies hand blown by glass artist **Ryan Fitt for Puffco** in front of a global virtual audience.

Evolving into an online destination now reaching 150M viewers, **The Emerald Cup Festival and Awards** was broadcasted live on **Social Club TV (www.thesocialclub.tv)** - and is currently available for on-demand viewing on the world's only cannabis TV network - making 2021's celebration the most attended in the event's 17 year history. With musical performances with Ziggy Marley, Michael Franti and Krayzie Bone of Bone Thugs-N-Harmony along with special appearances by Chelsea Handler, B Real and Willie Nelson Lifetime Achievement Award recipient Winona LaDuke, the event transformed into a TV channel with hundreds of hours of exclusive content. As with tradition, this year's virtual affair was hosted by founder Tim Blake and his daughter Taylor maintaining the intimate setting the event is known for with fireside chats, expert panels and behind the scene footage.

The Emerald Cup announces their winners for 2021 in each category:

Chile Limon Canna-Corn Kernels - GFHigher Edibles

Eco Conscious Packaging Category Winner:

Tree Hugger Container's Sustainable 6-pack Eco-Conscious packaging, Tree Hugger Containers

The Emerald Cup 2021 Photo Contest Winner:

Resilience, David Cooper

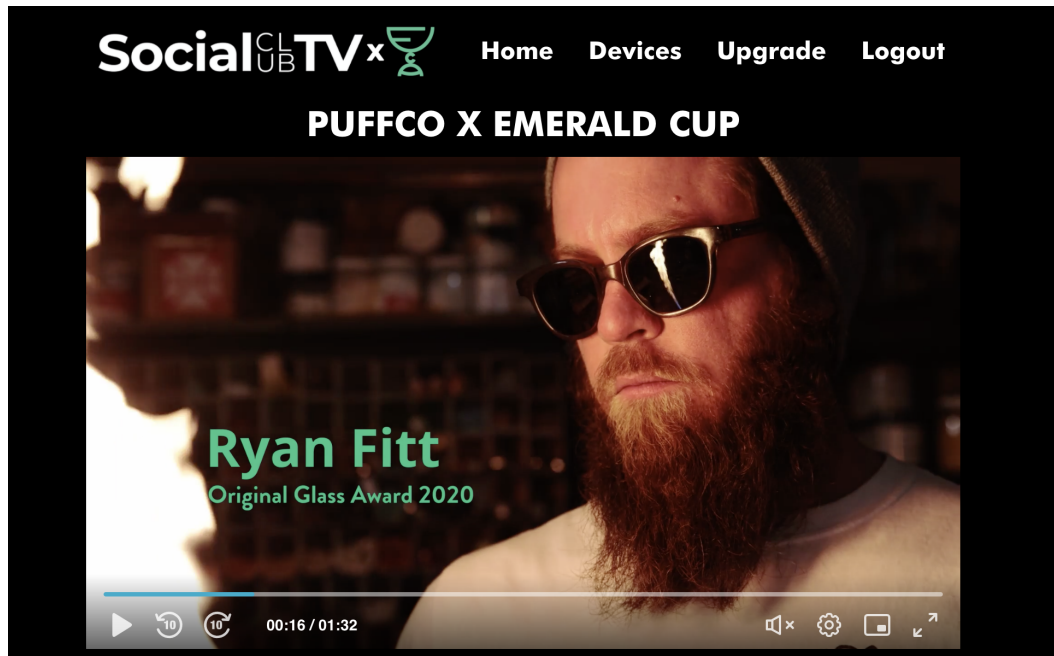

The Emerald Cup would not be possible without the generous support of **SC Labs** (www.sclabs.com), the Emerald Cup's 11-year testing partner, who this year debuted new terpene data technology into the judging process ([more information available here](#)). An innovation that allows for a greater understanding and appreciation for the diversity and range of cannabis chemistry and chemotypes. Through SC Labs' sorting process, judges rate similar terpene profiles against each other to choose the "best-of-class" winner for each, much like how wines are judged in similar events.

The Emerald Cup winners are being awarded one-of-a-kind trophies created by famed glass artist **Ryan Fitt** who collaborated with presenting partner **Puffco**. In past years, judges have used the Puffco Peak while scoring hash concentrate entries, and this year CEO Roger Volodarsky was a judge in the solventless category.

"Puffco's participation in the Emerald Cup is both an honor and a natural fit," says Kevin Chapman, Director of Events at Puffco. "The Emerald Cup competition offers the very best in

cannabis for both flower and for concentrates, and Puffco's collaboration with Ryan Fitt on these custom Peak Pro trophies is our way of acknowledging the effort, hard work and the artisanship of these creators."

Media needing to connect with The Emerald Cup, The Emerald Cup 2021 Award Show, The Emerald Cup Channel on Social Club TV, or to speak with founder Tim Blake, please reach out to **Kenneth Loo, Chapter 2** at ken@chapter2agency.com.

ABOUT THE EMERALD CUP:

The Emerald Cup is now the world's premier virtual cannabis destination and iconic live event. While advancing the concept of sustainable, outdoor farming, the 17-year old organization's reputation is firmly solidified as the largest, most respected, outdoor cannabis competition in the world. As a group, The Emerald Cup prides itself in bringing together experts and educators in the cannabis industry to our fellow farmers, patients, and patrons each year. A community celebration that has grown to become a global movement honoring the year's finest, organic, sun-grown, cannabis harvest has stood as a celebration of excellence and founder Tim Blake as a guardian of the industry.
